

Trudy Eisele for Laramie County Treasurer

INTEGRITY:

- I will provide an accurate disbursement of funds to more than 20 taxing authorities.
- I will be accountable for your tax dollars with respect to the State of Wyoming, school districts, cities, towns and more.

KNOWLEDGE:

- I have experience and understand the operations of the county treasurer's office.
- I will continue to provide a sound cash management program and diversified investment portfolio.

MANAGEMENT:

- I will deliver efficient customer service without additional financial burden to the taxpayers.
- My work ethic and leadership background will continue the essential relationships with state and other county officials to maintain the checks and balances in accordance with state law.

Dear Laramie County Voter,

It would be my honor to serve as your next County Treasurer. Local county government is the closest government to the people, and I am committed to providing excellent and efficient customer service to all Laramie County residents. I am asking for your support and vote on August 17th.

THANK YOU!

Trudy Eisele

Elect as your representative City Council Ward 3

Paid for by the Keep Georgia On Your Mind campaign committee

Early or on August 17th

Your Laramie County Attorney

The neighbor from hell. Free to litigate at will because he serves no real purpose in Laramie County government. Uses the Laramie County Attorney's fax no. and signs his legal pleadings as "Assistant Laramie County Attorney" when the litigation is personal. Has no respect for his office or his personal reputation. The picture at the right is his sign language response (yes, it's the raised middle finger) to a neighbor who was replacing 80' of her fence that he had removed illegally.

Although he and the predecessor owner of his property had access down the road (1) shown in the picture below, he wanted

better access via a neighbor's road, a road which had been developed at the neighbor's expense and runs through the neighbor's land and beside his. In addition to demanding use of that road for an alpaca raising business, he tried to rename the road with his name and wanted to call it his "private road."

He deliberately hauls alpaca waste from their confined pens in the lower right (2) to immediately next to his neighbor's land and fence (3). He has to travel a great distance to pile the manure there. Between the bushes and the trees below the waste is a stream. He is polluting it.

His property would be considered a "nuisance" in Laramie County. He has abandoned and likely unlicensed vehicles on his land but he is in Albany County, not Laramie - across from Buford Trading Post.

Because he has so little to do as Laramie County attorney, he files frivolous lawsuits against his neighbors, which they have to defend with paid counsel. It is important Laramie County voters expand to five commissioners so he can be removed. He has an annual contract and it should not be renewed. His recent wrong advice cost a county employee his job. He is a bad attorney and a worse human being.
